

# Magdalen gates Preschool No Smoking Policy

Magdalen Gates  
Preschool

Magdalen Gates Preschool has designated all the premises within the confines of the Preschool a smoke free area. No-one is permitted to smoke at any time on preschool premises (this includes the whole school site of Magdalen Gates Primary School). Further, any staff who wish to smoke are also prohibited from doing so in the Preschool grounds, including the car park, thus reducing the likelihood of any child seeing a member of staff smoking.

- ❖ All parents are informed of this policy when applying for their child to come to preschool
- ❖ All local schools and colleges who provide work experience pupils or college students, and the local careers service, are informed of this.
- ❖ From July 1<sup>st</sup> 2007 it is against the law to smoke on school premises.
- ❖ Included in our no smoking policy are e-cigarettes, which will not be allowed on the premises

**Policy updated July 2015**
